About Us

AMERICAN HOBBIES
& MERCHANDISING

&

American Hobbies & Merchandising is a toy and collectibles distributor dedicated to farming and construction equipment. We have been operating in St. Charles, IL since 2009, and have since grown our product line to over 500 products. Toys'n Hobbies Distribution is our second location in Canada to better serve the area. We pride ourselves on being one of the largest distributors of farm and construction equipment collectibles

and toys. Here in america, we are an intimate, privately held company that continues to grow every day. Each member of our team contributes valuable skill sets that allows us to be the efficient, customer-friendly business that we are.

While American Hobbies & Merchandising is a distributor for North and South America, our parent companies, Universal Hobbies and Falk, have

been manufacturing products for over 30 years. We work closely with our French manufactures, allowing us the unique opportunity to exclusively customize and special order any products.

We are fully licensed in Europe and North America, and are prepared with a fully-stocked warehouse located in the US, as well as additional warehouses located in Europe and Asia.

Falk is a french manufacturer of ride-on and push-along toys founded in 1947. At this time, the Falk legacy began under the leadership of Maurice Falquet, and the company specialized in creating and selling toys made from plastic resin. The first Falk Pedal Tractor, released in 1970, was a Massey Ferguson 145.

Family-owned for 3 generations, Falk has a turnover of US\$11,000,000, and 350,000 toys are produced every year and shipped to 40 countries. Falk provides a wide range of licensed tractors, attachments, trucks, bikes and quads for kids between 1 to 7 years.
